Rules & Regulations Mesa Village Homeowners Association San Diego, California (Effective April 2025)

The purpose of the Rules & Regulations Manual is to provide homeowners, guests and renters with a ready reference of the conduct required when using the common areas and/or individual units. These rules and regulations derive authority from the Covenants, Conditions and Restrictions (CC & Rs) of Mesa Village, and City/County ordinances. If everyone in the village complies with them, the village will continue to be a pleasant place to live. If over time, the rules and regulations conflict with the CC & Rs, or City and County ordinances, the CC & Rs and City/County ordinances will prevail.

All residents are encouraged to help enforce the CC&Rs and Rules & Regulations. However, since residents cannot personally enforce all regulations, accurate reporting of violations is very important. This involves the taking of names, dates, and times of violations and submitting them to the association office located in recreation building #2 (10540 Caminito Baywood). If the resident feels that immediate action is required, the local police should be contacted.

Mesa Village monitor will have the same responsibility as the residents with the additional duties to monitor and to issue resident violation notices.
